GREETINGS FOR 1940

In presenting our 1940 Catalogue, it affords us great pleasure to tell you of our three Fine New Introductions and all our other Dahlias which were so greatly admired by millions of visitors at our Golden Gate International Exposition in San Francisco on Treasure Island in the beautiful Hall of Flowers.

An Award of Merit was given us with congratulations on the Outstanding Quality of our Exhibits and deep appreciation was expressed for the part which we personally took in making the Hall of Flowers a success.

We staged continuous Exhibits of Dahlias from June 12th to October 29th, the last day of the Exposition—48 Exhibits in all.

We showed all types of Dahlias from Pompons, Collarettes and Miniatures, to gigantic blooms 16 inches in diameter. Visitors stood ten deep around our exhibit. Thousands of color movies were taken of them and our Dahlias that were floated on the lily pool, making a lovely picture.

It was a pleasure to meet so many Dahlia growers from all distant parts, who also visited our gardens.

Our Dahlias won 36 Prizes in the two Shows we exhibited in: First Prize for General Display; two First Prizes for Largest Dahlia with "Kaweah" in two shows; two First Prizes for the Best 12 Dahlias of California Origin; two Firsts, one Variety, 12 blooms of a large California origination with "Claire Mortimer" in one Show, and with "Grace Douglas" in the other Show; three First Prizes for 25 blooms of one Variety with "Frank Werner"; First for best 2-year-old Seedling; First for best Miniature container with "Luana"; First for Best Container Single Dahlia with "Union Jack"; First for Best Receptacle Large Flowered Dahlias.

Other prizes on Collarettes, Pompons, etc. Our 1940 Introductions bloomed too early to enter into competition in the Shows.

We are always interested in hearing how our Dahlias grew for you. With Best Wishes for 1940,

Sincerely, ALICE MEUSSDORFFER.

OUR 1940 INTRODUCTIONS

JANE LANKTREE

A glorious very large Semi Cactus Dahlia of an exquisitely beautiful shade of clear pink, similar to the color of our lovely "Claire Mortimer."

It was universally admired at the San Francisco World's Fair. The bloom in the above picture was the last one of the season, photographed November 1st, and it measured 10½ inches in diameter; earlier blooms were much larger. Strong bush growth about 5 feet tall, attractive lace-like foliage, which is insect resistant and blooms are held erect on long strong stems. It bloomed too early to enter into competition in our two Shows.

"GOEPNER"

This giant bluish fuchsia color with silvery lavender reverse Formal Decorative Dahlia is a seedling of Kaweah. As flower unfolds, each petal is edged with silver. Bushes are medium tall, blooms 12-14 inches are common on excellent stems. It was greatly admired in the Hall of Flowers at the San Francisco World's Fair, where it was often floated on the lily pool in conjunction with Kaweah.

One of our best judges and well-known grower of Dahlias said to me (quote): "I never expected you to surpass your Kaweah, but you surely have, with Goepner."

Kaweah is named for one of our mountain peaks in the High Sierras of California. It is an Indian name.
